

# CONQUER DEPRESSION

Chicago's first private facility to offer clinically proven intravenous ketamine therapies for the treatment of depression, chronic pain, fibromyalgia, and other ailments.

- Potential to eliminate your depression medications and their unwanted side effects!
- Minimal downtime and no lingering side effects
- State-of-the-art medical facility in River North
- Customized therapy in a private, luxurious setting
- Onsite anesthesiologist, registered nurses, and skilled staff

Hailed as "The most significant advancement in mental health in half a century", ketamine is up to 80% effective in relieving treatment resistant depression (TRD). It is also effective in treating chronic pain (CRPS and fibromyalgia), OCD, PTSD, and more. Chicago Ketamine Centers is now providing this proven therapy utilizing proven protocols.
