**IV SOLUTION KETAMINE CENTERS OF CHICAGO**  
**DONATED 5,000 PPE MASKS TO VITALANT**  
*Masks donated for use by Vitalant’s essential works and donors*

**CHICAGO, IL (JUNE 2020)** – On Sunday, June 14, countries across the globe celebrated World Blood Donor Day, with blood drives and other activities promoting the importance of blood donation and highlighting those whose lives have been saved by this selfless act.

Here in Chicago, Vitalant (formerly LifeSource), one of the nation’s oldest and largest nonprofit community blood service providers, hosted a blood drive at its Rosemont headquarters.

[IV Solution Ketamine Centers of Chicago](#) was thrilled to donate thousands of masks to the blood center for use by their essential workers and also for donors.

At Sunday’s Vitalant blood drive, donors received a free facemask courtesy of IV Solution. This year, World Blood Donor Day 2020 has taken on even greater meaning, with an ongoing need for life-saving whole blood, cancer-fighting platelets, and COVID-fighting convalescent plasma.

Vitalant has reported that there is a need of blood products and, in some cases, they have less than a two-day supply of most blood types on hand. Donors are urged to give blood. Appointments are strongly recommended: visit [vitalant.org](http://vitalant.org) or call 877-25-VITAL (877-258-4825).

“At IV Solution, we are honored to be in the position to donate these masks to Vitalant’s blood drive,” says Dr. Bal Nandra, Chief Medical Officer at Chicago IV Solution. “The ability to be a part of such an impactful event is especially rewarding.”

**ABOUT IV SOLUTION KETAMINE CENTERS OF CHICAGO**

IV Solution Ketamine Centers of Chicago, is the first private facility to offer clinically proven intravenous ketamine therapies for the treatment of depression, chronic pain, fibromyalgia, PTSD, post-menopausal hot flashes and other ailments. They collaborate with patients and their primary care physician, specialist, or mental health professional to optimize treatment and ensure continuity of care.

Located at 712 North Dearborn Street in Downtown Chicago, the state-of-the-art medical facility in River North offers customized therapy in a private, confidential setting with anesthesiologists, registered nurses, and skilled staff onsite.
